It is the purpose of this Agreement to establish an orderly and peaceful procedure for the settlement of differences that might arise between the parties and to conclude collective bargaining in the determination of wages, hours, and other conditions of employment.

PREAMBLE

Whereas, it is recognized by the parties that the declared public policy of the State of Florida and the purpose of Part II, Chapter 447, Fla. Stats., is to provide statutory implementation of Section 6 Article 1 of the Constitution of the State of Florida, and to promote harmonious and cooperative relationships between City Government and its employees, and to protect the public by assuring, at all times, the orderly and uninterrupted operations and functions of City Government. It is the intent and purpose of this Agreement to assure a sound and mutually beneficial working and economic relationship between the parties hereto, to provide an orderly, prompt and peaceful means of resolving any misunderstandings or differences that may arise; and whereas, it is the intent of the parties to this Agreement to set forth their entire Agreement with respect to matters within the scope of negotiations; Now, therefore, in consideration of the mutual covenants herein contained, the parties do agree as follows:

ARTICLE 1

RECOGNITION

Section 1: Pursuant to and in accordance with all applicable provisions of Chapter 447, Fla. Stat., 2025, as amended from time to time, the City recognizes the PBA as the exclusive bargaining representatives for all employees in the Bargaining Unit.

Section 2: The bargaining unit is defined as all sworn employees of the City within the classification of Public Safety Sergeant, which is recognized by the Florida Public Employee's Relations Commission in Certification Number RC-94-011. Both parties recognize that any other proposed inclusions or exclusions to the Bargaining Unit will require mutual written agreement by the City and PBA, and approval by PERC. Both parties hereby recognize that the City of Coconut Creek Police Department no longer operates as a Public Safety Department and that Public Safety Sergeant has been retitled as Police Sergeant.

ARTICLE 2

MANAGEMENT RIGHTS

Section 1: It is the right of the City to determine unilaterally the purpose of each of its constituent agencies, set standards of services to be offered to the public, and to exercise control and discretion over its organization and operations. It is also the right of the public employer to direct its employees, take disciplinary action for just cause, and to relieve its employees from duty because of lack of work or for other legitimate reasons. However, the exercise of such right shall not preclude employees or their representatives from raising grievances, should decisions on the above matters have the practical consequence of violating the terms and conditions of the Collective Bargaining Agreement.

Section 2: Should the exercise of the above-referenced rights affect or impact upon the wages, hours, terms, or conditions of employment of a bargaining unit member, the City agrees to give thirty (30) days written advanced notice to the President of the PBA. Upon demand by the PBA and identification of a specific negotiable impact, the City agrees to meet and discuss the impact or effect of the exercise of said management rights. Such discussion, however, will not serve to forestall the implementation of the announced change. Such implementation shall not constitute an agreement by the PBA. This provision will apply should the City desire to formulate, amend, reverse, and/or implement any of its policies, rules, and regulations or ordinances that would have an impact upon an employee's wages, hours, or terms and conditions of employment.

ARTICLE 3

WORK STOPPAGES

Section 1: The parties to this Agreement agree that there shall be no strike, walkout, or slowdown or other concerted activity prohibited by law, promoted or instigated by the PBA, its officers or its membership. No employee shall refuse to report for duty or to perform assigned duties because of any demonstration or pickets by any organization.

Section 2: The City agrees not to engage in any lock-out or subcontracting for the purposes of inducing concessions or otherwise preventing the fair and complete operation of this Agreement.

Section 3: Nothing in this Agreement shall prevent the employee organization from engaging in lawful informational picketing.

1. In the event that an employee is aware in advance that sick leave benefits will be needed or due, it shall be the duty of the employee to notify their immediate supervisor as far in advance as possible by submitting a Leave Request form indicating the anticipated time and duration of sick leave, the reason for requesting such sick leave, and medical certification that the employee will be unable to perform normal work function. Employees will be required to begin using sick leave the date after which their doctor or licensed psychologist certifies that they are medically unable to perform their normal duties. An employee on sick leave is required to notify their immediate supervisor at the earliest possible time of the anticipated date on which the employee will be able to resume normal duties. Any employee obtaining sick leave benefits by fraud, deceit, or falsified statement shall be subject to disciplinary action, including, but not limited to, suspension or dismissal.
2. Complete such medical examination, nursing visit, or inquiry which the Department deems desirable.
3. File a written request for such sick leave on the form and in the manner prescribed immediately upon return to work.
4. Employees who are absent for three (3) consecutive workdays may be required, if requested by the Department Director, to submit a medical certificate signed by a physician or licensed psychologist, that the employee has been incapacitated for work for the period of absence, and that the employee is again physically able to perform the employee's duties. Such medical certificate must be submitted directly to the Human Resources and Risk Management Department.
5. Frequent claiming of benefits under this section may constitute grounds for the Department Director to determine that the physical condition of the employee is below the necessary standard for efficient performance of duties.
6. Evidence of abuse of sick leave shall constitute immediate grounds for dismissal or disciplinary action as recommended by the Department Director with the approval of the City Manager. Any such disciplinary action shall be in accordance with the "Management Rights" article, Section 1, Just Cause of this Agreement.
7. If an employee is absent for four (4) consecutive work days without personally notifying the immediate supervisor, or in the case of an emergency situation in which the employee is physically unable to call

in, if a family member or friend has not advised the City of the reason for the employee's absence, then the employee shall be considered to have abandoned employment, and separation benefits shall be calculated as separation from employment by termination by the City. An employee may be reinstated to employment if the position is still vacant, by a showing of good cause to the Department Director, subject to the review of the City Manager, of why notification was not possible within four (4) days.

Section 4: Donated Leave (Donations of Vacation or Sick Leave)

- A. Bargaining unit employees may donate accrued sick/vacation leave to a designated employee whenever extraordinary circumstances require the designated employee to be absent from work for a lengthy period of time and when the employee has exhausted all accrued types of leave available. In no case shall bargaining unit members be permitted to donate sick leave if their accrued sick leave balance would be less than ninety-six (96) hours after donation. Bargaining unit employees who have given notice of their resignation from employment with the city may not donate sick and/or vacation leave.
- B. Extraordinary circumstances shall be defined as a life threatening or an incapacitating illness or injury to the employee or immediate family member as defined in this contract.
- C. The employee (or a supervisor on the employee's behalf) must submit a request, in writing, for permission to solicit donations of accrued leave from other employees to the Director of Human Resources or designee and shall specify the employee's name, reason(s) for requesting such donations of accrued leave and estimated duration of absence, if known. The request shall be accompanied by certification from a medical doctor or licensed psychologist verifying such illness or injury. Such request shall require the review of the Director of Human Resources who shall review said request within five (5) calendar days. Said review shall verify the medical doctor's or licensed psychologist's certification and shall ascertain that the requirements of subsection B above have been met. Approval of said request shall not be unreasonably withheld. If such request is denied, the employee has the right of appeal through the Grievance procedure as outlined in the "Grievance and Arbitration Procedure" article of this Agreement, commencing with Step 3.
- D. Upon approval of such request the PBA representative(s) shall obtain a supply of Leave/Authorization Application for Donation of Sick/Vacation Leave forms from the Chief of Police's office and shall distribute these forms to employees willing to donate accrued leave time. The donation shall be made as a free and voluntary act and no duress or coercion shall be placed upon an employee to make such donation of accrued leave.

Employees who are utilizing donated leave to cover their absences may not donate leave until such time as they have returned to work full-time, and any excess donations made to them have been returned to those who donated leave as outlined in subsection F below.

- E. Donations of leave shall be made during a fourteen (14) day period, beginning with the first day after formal approval by the Director of Human Resources and ending fourteen (14) calendar days later. Forms will be date stamped and all time donated shall be in full hour increments and shall be credited to the employee on an hour for hour basis. When such donated leave is used and falls below 100 hours, the Director of Human Resources shall be notified by the Chief of Police or designee, that additional donations of accrued leave shall be necessary and a further fourteen (14) day period for donations to be made in order to keep the employee in a paid status. A monthly update of the condition of the employee/immediate family member, using a Fitness for Duty Form, shall be completed by the attending medical care provider and submitted to the Human Resources Director. Said update shall be considered a medical document and as such, is exempt from disclosure as a public record pursuant to Florida law.
- F. Any excess donations received but not used due to early recovery, resignation, retirement or death shall be returned to the donating employee(s) based on the proportion of hours that employee donated in relation to the total hours donated by all employees (e.g. an employee who donates 50 hours of 450 hours total donated shall be credited with 50/450ths of the hours not utilized). Such returned leave shall be reflected in the appropriate leave balance as soon as possible. *Note: Employees who separate employment prior to the return of any excess donations are not eligible for the returned leave or any associated cash value.*
- G. Time donated for this purpose will not be considered as time used during the donor's performance rating period, nor will it affect a donor's right to attain sick leave incentive as set forth in this Agreement.
- H. The employee or PBA representative will immediately notify the Director of Human Resources, in writing, of the employee's return to work or of any major change in the employee's/immediate family member's physical condition.

Section 5: Holidays and Personal Leave

C. The Holiday and Personal Leave benefit shall be provided as follows:

1. 2. Personal Leave: Employees shall be granted twenty-four (24) hours of Personal Leave per calendar year to provide for personal business, plus an additional one and-a-half (1.5) hours per each of the twelve (12) full holiday equivalents (i.e., eighteen (18)), for a total of forty-two (42) hours of Personal Leave per calendar year. Requested Personal Leave shall be granted only upon approval and at the discretion of the Chief of Police or designee. Personal leave may not be carried over

from one year to the next. No payment will be made upon separation of employment for any reason for any unused Personal Leave.

- D. Employees performing work on holidays shall be paid their straight hourly rate for all hours worked on the holiday, in addition to the holiday pay. Holiday pay shall not be counted as hours worked for overtime purposes.
- E. Employees who are scheduled to work on the holiday and are approved the holiday off may use accrued paid vacation, compensatory, or personal leave for the holiday off.

Section 6: Compensatory Time

- A. With the exception of extenuating budgetary or operational needs, overtime shall typically be compensated in the form of overtime pay. However, employees may request to earn compensatory time at the rate of one-and-a-half times the hours worked in lieu of overtime pay, in accordance with the Fair Labor Standards Act, subject to the Chief of Police's or designee's approval.
- B. Employees may accrue up to a maximum of 280 hours compensatory time, not to exceed the maximum amount allowed by law.
- C. Upon submission of a retirement letter, during the employee's final year of service, employees may be permitted to earn compensatory time in excess of 280 hours only in the event that overtime opportunities are offered solely for compensatory time.
- D. Compensatory time shall be utilized at the request of the employee upon reasonable, advance notice, subject to the approval of the Chief of Police.
- E. Pursuant to the Fair Labor Standards Act (FLSA), upon separation from the City for any reason, the employee shall be paid all compensatory time accrued at the employee's final rate of pay or the average rate of pay for the last three (3) years, whichever is higher. Upon selection for promotion to Police Lieutenant or other position that is exempt from the FLSA overtime provisions, employees shall be paid all compensatory time accrued at the employee's final rate of pay as a Sergeant, or the rate required by the FLSA, whichever is higher.

Section 7: Bereavement Leave

- A. Employees covered by this Agreement may request Bereavement Leave by filing of appropriate Leave Request with the Chief of Police. Bereavement Leave may be granted for a period not to exceed four (4) working days per occurrence, in the event of a death in the immediate family for the purpose of attending the funeral or should it be necessary for the employee to attend to the funeral arrangements of the deceased.

- B. Bereavement leave shall not be charged to sick leave or to compensatory time. Any absence in excess of the forty-two hours shall be charged to vacation leave, personal leave, or compensatory time if accrued, or to leave without pay if no paid leave is available.
- C. The Chief of Police may require proof of a death in the immediate family before compensation is approved and paid.

Section 8: Military Leave

Any employee who presents official orders requiring attendance for a period of training or other active duty as a member of the United States Armed Forces or the State of Florida National Guard shall be entitled to military leave with no loss of pay for the periods of time provided by Federal and/or State law and as detailed in the City's Military Leave Policy, in addition to any pay received from the Federal or State government. Authorized leave of absence for additional or longer periods of time for assignment to duty functions shall be without pay and shall be granted by the City in accordance with Federal and State laws. The appropriate provisions of Federal and State laws shall be applicable insofar as it relates to the reemployment of public employees granted leave of absence on active military duty.

Section 9: Leave of Absence

- A. Leave for a period not to exceed twelve (12) months, which may include combined approved paid leave and leave without pay may be granted to employees covered by this Agreement for sickness, disability, or other good and sufficient reasons which are considered to be in the best interests of the City.
- B. The Chief of Police may authorize up to thirty (30) days leave without pay to an employee of the Police Department.
- C. The City Manager may authorize additional leave, with or without pay, for up to a total of one (1) year, and approval shall not be arbitrarily and capriciously withheld.
- D. Seniority and service time for longevity pay and vacation benefits shall not be lost while an employee is on leave without pay, with the exception, however, that an employee on leave without pay for more than thirty (30) consecutive days shall have longevity paid on a prorated basis, based on the number of full months worked, for the year(s) during which the leave of absence occurred.

- E. Employees on leave without pay will not accumulate sick leave or vacation leave during their leave without pay and shall not be eligible for holiday pay, City insurance contributions, insurance opt-out payments, cell phone stipends, clothing allowance, or other payments related to actively working, unless required by law.
- F. Employees on leave may not work for another employer during their leave unless such employment is part of the purpose of the leave. The determination of appropriate employment while on leave without pay shall rest solely with the City Manager.
- G. If the request for a leave of absence is for an FMLA-qualifying reason, the employee must file for FMLA leave and provide the documentation required pursuant to the City's FMLA policy, and any approved FMLA would run concurrently with the leave of absence, so that the total leave of absence, including the FMLA leave, does not exceed 12 months.
- H. An employee on an unpaid leave of absence shall be permitted to make the employee's and the City's regular contributions to the insurance program in order to maintain insurance benefits during the leave of absence. Failure to do so may result in cancellation of applicable coverage.

Section 10: Administrative Leave

Any bargaining unit employee may be placed on Administrative Leave for reasons in the best interest of the City and/or employee (e.g. to diffuse a work-related or personal problem that has the potential for escalation if left unchecked, and/or has a negative effect on department/division operations, and no other solution is available, or pending an internal or criminal investigation). Administrative leave shall be paid, except an employee charged with any felony may be placed on Administrative Leave without pay pending final disposition of the charge. Once the case is disposed of and an internal investigation has been conducted, employees who are found not to have violated any law or City or Police Department policies warranting termination shall be eligible for reinstatement upon such terms and conditions as may be specified by the City Manager. Employees who are reinstated shall be eligible for back pay for the period of the Administrative Leave without pay. Administrative Leave may not be used for matters of a disciplinary nature and therefore may not be appealed. Employees on paid Administrative Leave shall serve such leave during their regularly scheduled work shift and shall remain at home, or at another location as approved by the Chief of Police, unless their work schedule is altered by the City in accordance with the "Hours of Work, Overtime and Supplemental Compensation" article, Section 2, of this Agreement.

Section 11: Family and Medical Leave Act (FMLA)

The City shall provide family and medical leave, pursuant to the Family and Medical Leave Act of 1993, as may be amended from time to time, with details provided in the City's current Family and Medical Leave Act (FMLA) Administrative Order.

Section 12: Occupational Disability Leave (ODL)

- A. Definition: authorized absence from work due to injury or sickness incurred while on duty and directly related to work performed, excluding negligence on the part of the employee.
- B. Negligence: shall be defined as any action which is taken that is not necessary in the actual performance of duty. Sick leave accumulation shall be used in cases of negligence.
- C. Temporary Disability Benefits: Statutory required benefits which compensate an injured worker for lost wages due to a work-related injury or illness. The two types of temporary disability benefits that an employee may be entitled to during recovery to make up for some of the lost wages are as follows:
 - 1. Temporary Total Disability (TTD) Benefits: Shall be determined by the workers' compensation healthcare provider and refers to a work-related injury or illness that is anticipated to be temporary in nature but prevents the employee from working in any capacity.
 - 2. Temporary Partial Disability (TPD) Benefits: Shall be determined by the workers compensation healthcare provider and refers to a work-related injury or illness that is anticipated to be temporary in nature but allows an employee to return to work with restrictions. Employees are only eligible for this benefit if they are unable to earn 80% of the wages they were earning at the time of the accident that led to their injury or illness.
- D. Maximum Medical Improvement (MMI): Shall be determined by the workers' compensation healthcare provider, and refers to the determination that further recovery from, or lasting improvement to, an injury or illness can no longer reasonably be anticipated, based upon reasonable medical probability.
- E. Occupational Disability Leave Eligibility: An employee who is eligible for Temporary Total Disability workers' compensation benefits shall be eligible to use paid Occupational Disability Leave (ODL) as follows:

1. Day one (1) through day fourteen (14) from the date of injury- Paid ODL for 100% of regularly scheduled hours. The Human Resources Director may extend this period of full compensation if the worker's compensation insurance provider has been unsuccessful in scheduling the employee's first appointment during this period.
2. Day fifteen (15) (unless delayed pursuant to subsection E.1 above) from the date of injury until the applicable termination date set forth below in subsection E.8 – Paid ODL for seventy-five percent (75%) of regularly scheduled hours. Employees shall utilize sick leave, followed by vacation leave or any other leave time they have accumulated, to supplement their pay under this section up to a maximum of one hundred percent (100%) of the employee's regularly scheduled hours in effect at the time of sickness/injury.
3. Any member injured while taking "Active On-Duty Action" as defined in subsection 7.E.4 below, shall be entitled to and receive, for a period of up to ninety (90) days following the date of injury, the member's full benefits and paid ODL for one hundred percent (100%) of the regularly scheduled hours. Following the above noted ninety (90) day period, the injured member will receive paid ODL for seventy-five percent (75%) of the employee's regularly scheduled hours prior to injury, which shall continue until the applicable termination date set forth below in subsection E.8. If an employee is released to light duty and refuses to return to light duty, the additional "Active On-Duty Action" benefit extension shall cease.
4. "Active On-Duty Action" shall be defined and limited to those situations in which an employee is actively taking police actions. Such actions include:
 - a. Directing Traffic;
 - b. Making an arrest;
 - c. Chasing a suspect on foot or while operating a vehicle;
 - d. Struggling or fighting with a suspect;
 - e. Responding to an emergency where the arrival time is critical to resolution of the incident;

"Active On-Duty Action" shall not include injuries incurred as a result of:

- a. Slipping and falling;
- b. Responding to a non-emergency call; or
- c. Responding to a call when the arrival time is not critical to resolution of the incident.

The above lists are not all inclusive. Each incident shall be reviewed on a case by case basis and the Human Resources Director or designee shall determine if the incident is considered an “Active On-Duty Action.”

5. Employees shall utilize sick leave, followed by vacation leave, or any other leave time they have accumulated to supplement their pay under this Article up to a maximum of one hundred percent (100%) of the employee’s regularly scheduled hours.
6. Because ODL is paid instead of the statutory workers’ compensation temporary disability benefit, and is intended to provide at least the amount of compensation provided by the Florida Workers Compensation statutes, any and all temporary disability benefits payments for lost wages shall be assigned to the City. In the event that the ODL pay is less than the payment required by statute, the City shall pay the difference through payroll.
7. ODL shall be paid at the hourly rate (to include any applicable shift differential and assignment pay) in effect at the time of absence, with adjustments made for subsequent pay changes, such as pay-for-performance, cost of living adjustments, or position changes.
8. The Occupational Disability Leave benefit shall be paid during the period that the employee remains employed with the City and is eligible for TTD benefits per statute, which is expected to end at the point that the first of the following events occurs:
 - a. The employee is no longer eligible for Temporary Total Disability benefits by the workers’ compensation provider; or
 - b. The employee reaches Maximum Medical Improvement (MMI) (this event alone shall not end paid ODL for “Active On-Duty Actions;” or
 - c. The employee is released to regular or light duty work; or
 - d. The employee separates from employment with the City.
 - e. As a condition of eligibility for Occupational Disability Leave, the employee shall comply with the City’s instructions regarding medical treatment and follow-up with the approved workers compensation healthcare provider, and shall return to regular or light duty once the employee is released to regular or light duty in the opinion of the workers compensation healthcare provider. If such employee refuses to comply with the City’s instructions

regarding the claim, or refuses to return to regular or light duty, the benefit shall cease.

- f. Upon termination of eligibility for paid Occupational Disability Leave, or upon separation of employment for any reason, the employee shall retain all statutory benefits provided for under workers' compensation law.
- g. Upon termination of eligibility for paid Occupational Disability Leave, the employee shall be required to use accrued sick leave or other type of appropriate leave if sick leave has been exhausted, for medical appointments or other necessary leaves of absence. The employee may be permitted to use PBA Time Pool time for medical appointments, pursuant to the PBA Time Pool provisions.
- 9. The employee shall be required to cooperate in the treatment as prescribed by the City's designated worker's compensation healthcare provider(s) in order to obtain maximum medical improvement or recovery.
- 10. The ODL benefit shall be paid to employees for any regular hours missed during the shift when an injury incident occurs. If an employee is injured during a shift when the workers' compensation clinic is closed, the employee shall be paid the ODL benefit for the initial follow-up medical treatment at the workers' compensation clinic, which is to be completed within twenty-four (24) hours of the injury incident.

Section 13: Non-Occupational Disability Leave

- A. Definition: authorized absence from work due to injury/sickness not incurred while on duty, and which meets Short Term Disability (STD) requirements
- B. Short-term Disability Insurance: The City shall provide employees with STD at no cost to the employee, with the specific benefits outlined in the City's "Group Health Insurance Program" Administrative Order.
- C. Coordination of benefits with Sick, Vacation or Other Authorized Leave: Any employee who is on non-occupational disability leave, as defined above, shall use sick leave, or other authorized leave if sick leave is exhausted, during the elimination period, and may use sick leave, or other authorized leave if sick leave is exhausted, during the benefit period, to receive up to the maximum of one hundred percent (100%) of their regularly scheduled hours at the time of injury/sickness. In no event shall an

employee be permitted to receive more than one hundred percent (100%) of their regularly scheduled hours in effect at the time of the injury/sickness.

Section 13: Temporary Light Duty

- A. Temporary Light Duty assignments shall be available to employees to allow them to continue working when pregnancy, an injury, or a health condition (excluding cosmetic surgery that would not otherwise be considered a serious health condition as defined by the Family & Medical Leave Act) temporarily restricts them from performing the essential functions of their normal duties. Employees shall report to work on a temporarily revised schedule provided by a supervisor and be assigned to perform work that accommodates their restrictions, with the following parameters:
1. Limitations due to on-the-job injury: Temporary light duty assignments shall be granted for up to six (6) months from the date the employee's ability to perform the essential functions of the normal work duties becomes restricted due to an on-the-job injury. At the end of a temporary light duty assignment, an employee who has made progress and has a favorable prognosis for approaching release to unrestricted duty may be provided up to three (3) additional months of temporary light duty, as needed.
 2. Limitations due to pregnancy, childbirth, or related medical conditions under the Pregnant Workers Fairness Act (PWFA): Temporary light duty assignments may be granted from the date the employee's ability to perform one or more of the essential functions of their normal work duties becomes restricted due to pregnancy, childbirth, or related medical conditions.
 3. Limitations due to off-the-job injury/health conditions: Temporary light duty assignments for limitations due to off-the-job health conditions shall be granted for up to three (3) months from the date the employee exhausts job-protected leave under the Family and Medical Leave Act (FMLA), as well as any reasonable leave extensions provided by the City. At the end of a temporary light duty assignment, an employee who has made progress and has a favorable prognosis for approaching release to unrestricted duty may be provided up to three (3) additional months of temporary light duty, as needed.
- B. Employees are required to provide supporting documentation from a qualified healthcare provider documenting the restrictions, ability to perform in a light duty capacity, and that they are expected to be released to unrestricted duty in the foreseeable future.

- C. Employees who are notified by Human Resources and Risk Management that they are authorized for a light duty assignment are responsible for coordinating the return to work date with their supervisors immediately.
- D. Once an employee who has been granted a Light Duty assignment is released to unrestricted duty, the employee is not entitled to further Light Duty assignments for additional periods of restriction (e.g., due to flare ups or subsequent surgeries/procedures) related to the original incident/injury.
- E. An employee performing a Light Duty assignment shall not receive Special Assignment or Shift Differential premium pay while not actively working an assignment or shift for such premium pay. **Exception:** An employee who incurs an “Active On-duty Action” injury, as defined in the “Occupational Disability Leave” section of this article, shall receive any Assignment Pay or Shift Differential being paid immediately prior to the injury, for the first 90 days following the injury.
- F. An employee performing a Light Duty assignment shall not be permitted to work overtime or Special Detail assignments.
- G. The City may assign personnel to any Police Department-related activity at any Police Department work site provided that the assignment is within the member’s certification and/or licensure status and that such activities are within the member's limitations, as determined by the health care provider. Employees working a Temporary Light Duty assignment shall work a schedule determined by the Police Chief or designee that fits the operational needs of the department.
- H. The Temporary Light Duty policy does not guarantee continued employment for any period of time in situations when employment may otherwise be terminated (i.e., offers no protection against termination for just cause, layoff, etc.).

ARTICLE 11

EVALUATIONS

Section 1: The Purpose

The evaluation process provides a method for monitoring job performance based upon established standards and objectives for each position. It also provides a means for: 1) communicating goals and objectives of management to employees; (2) determining entitlement to pay increase increments provided for in the "Wages" article of this Agreement; (3) promoting equitably; (4) motivating employees to improve their performance; and (5) evaluating selection and promotion criteria.

Section 2: Requirements

All employees covered by this Agreement shall be evaluated on the form(s) prescribed by the Director of Human Resources as follows:

- A. Regular Employees: Annually, on their promotion anniversary date and every year thereafter during their term of employment with the City.
- B. Probationary Employees: Quarterly, from date of promotion until completion of probation. The form and/or procedure shall be maintained during the term of this Agreement.

Section 3: Procedure

- A. The Director of Human Resources shall notify the Chief of Police monthly, in writing, the name(s) of employees who are due to be evaluated, based upon their date of appointment. Such notice shall list: (1) name of employee; (2) reason for evaluation; and (3) due date.
- B. The Chief of Police shall be responsible for ensuring that evaluations are completed and returned to the Director of Human Resources no later than thirty (30) days after the employee's anniversary date.
- C. The person completing the evaluation shall be the employee's supervisor who is immediately responsible for the work of the employee. The supervisor is defined as the person who either oversees, reviews, or checks the daily work of the employee or is the one most closely acquainted with the employee's work performance.
- D. The supervisor shall complete the evaluation form. Each factor rated shall be scored as per the evaluation guidelines developed by the Director of Human Resources, which shall be maintained during the term of this Agreement.

- E. After completing the evaluation form and having a Captain review it, the supervisor shall then hold a conference with the employee being evaluated. This conference is a mandatory requirement of the evaluation process and is for the purpose of explaining the basis for the specific ratings, offering suggestions for changes or improvements in job performance, establishing goals and standards to be met during the next rating period, and providing a basis for discussion with the employee.
- F. Upon completion of the conference, the form shall be signed by the supervisor and employee. The employee may respond to the ratings in writing, no later than three (3) working days (not including S/L, V/L or Holidays) from the receipt of the evaluation.
- G. The completed form is then submitted to the next immediate supervisor for review and signature, and then through the chain of command to the Chief of Police for review and signature. The evaluation is then forwarded to the Director of Human Resources for submission to the City Manager for review and signature (except that quarterly evaluations are not required to be reviewed or signed by the City Manager), and then placed in the employee's permanent personnel file.
- H. Employees shall only be rated on performance or conduct taking place during the rating period being evaluated, except that performance/conduct that is revealed after the end of said rating period, e.g., if an internal affairs investigation concludes or performance/conduct is otherwise discovered after the end of the rating period, such performance/conduct shall be reflected in the subsequent evaluation(s).

Section 4: Step Increase

Effective on each anniversary date of the promotion to Sergeant, employees who achieved a satisfactory rating on the prior year's performance evaluation and who have not reached the maximum step in the Step Plan shall advance to the next step.

Section 5: Employees who receive a less than satisfactory rating on their annual evaluation shall have the right to process a grievance pursuant to the "Grievance and Arbitration Procedure" article of this Agreement up through Step 2 with the City Manager.

Section 6: During the term of this Agreement, a team consisting of members of both the PBA unit and management personnel shall review and revise as needed the performance evaluation process, forms, and pay methods to ensure a meaningful and objective performance evaluation process. If any changes to the evaluation form, scoring, or process create a potential impact on employees' ratings, either party may request a re-opener of this Article prior to the new form, scoring, or process being implemented.

ARTICLE 12

WAGES

Section 1: Pay Scale

The City and the PBA recognize that effective recruitment and retention of qualified individuals to perform bargaining unit work requires that bargaining unit members be compensated in a competitive manner. Both parties agree that the City Commission, after consideration of recommendations made by the City Manager, shall have final authority on all budget proposals as part of the budget approval process. There shall be a minimum and maximum pay rate for each position within the bargaining unit. The pay rate schedule shall be maintained by the Human Resources Director.

Section 2: Pay Scale and Wage Adjustments

- A. Fiscal Year 2026 – Effective October 5, 2025, the bargaining unit will transition from a Pay-for-Performance Plan to a Step Plan, as displayed in Exhibit A, and all bargaining unit members will be slotted into the Step that correlates with their full years of service as a Coconut Creek Police Sergeant. In the event the member's rate of pay exceeds the FY26 Step, the member shall not receive a reduction in pay, but rather the pay shall remain the same until the member is eligible to advance into a Step that exceeds the current rate of pay.
- B. Fiscal Year 2027 – Effective October 4, 2026, the Step Plan and bargaining unit members' wages will increase by three and one-half percent (3.5%).
- C. Fiscal Year 2028 – Effective October 3, 2027, the Step Plan and bargaining unit members' wages will increase by three and one-half percent (3.5%). However, the City reserves the right to reopen the "Wages" article in the event that new property tax legislation becomes effective on or before July 1, 2028, which results in a reduction of the City's ad valorem tax revenue before new construction and additions without any change in the millage rate. Nothing in this paragraph shall diminish, restrict, or waive in any way the City's statutory rights, including but not limited to those relating to financial emergencies or similar laws, all of which the City expressly reserves in full.

Section 3: It is specifically understood by the City and the PBA that nothing in this article guarantees a specific wage for any member of the bargaining unit. The Step Plan for Sergeant increases as specified in Section 2 above. An individual member's wages shall increase in any year by a combination of the Step Plan increases specified in Section 2 and the step advancement specified in the "Evaluations" article, Section 4 of this Agreement.

ARTICLE 13

HOURS OF WORK, OVERTIME AND SUPPLEMENTAL COMPENSATION

Section 1: The normal work period, pursuant to the 29 CFR §553.230 Section 7(k) provisions of the Fair Labor Standards Act (FLSA) for employees covered by the Agreement shall be eighty- four (84) hours in a fourteen (14) day work period. Hours actually worked in excess of eighty-four (84) hours in a given fourteen (14) day period or actual hours worked plus annual leave, sick leave, and compensatory time shall be compensated at one and one-half (1 ½) times the employee's regular rate of pay. Authorization for overtime must be requested prior to working the overtime, if possible. However, authorization may be given after the time worked, and will not unreasonably be withheld.

Section 2: No supervisor or official shall take action to cause the non-payment of straight time, time and one half or compensatory time in circumstances wherein the employee has performed work, which may entitle the employee to such payment. However, nothing herein shall restrict the Chief of Police from altering work schedules, with four (4) calendar days' notice, excluding emergencies and employees on Administrative Leave. Nothing herein shall require the payment of straight time or time and one-half when an insubstantial amount of time is worked in excess of the length of the employee's normal shift. For the purpose of this Article, an insubstantial amount of time shall be considered any period of time less than eight (8) minutes.

Section 3: **Special Assignment Pay**

The Chief of Police shall have complete discretion to pay special assignment pay incentive, which shall be calculated and paid at the equivalent of two percent (2%) of the maximum of the Sergeants' Step Plan (i.e., Step 5) prorated and paid on a biweekly basis.

Section 4: **Call Back Pay**

When it is necessary for a Bargaining Unit employee to return to work, not on their regular shift, the City agrees to compensate the employee for a minimum of three (3) hours pay at the established rate of one and one-half (1 ½) times the employee's hourly rate or at the request of the employee and subject to the Chief of Police's approval, the equivalent in compensatory time. If the call- back exceeds three (3) hours, the employee shall remain in overtime status and shall be compensated for the total actual hours worked at the rate of time and a half (1½). If while working on the call-back, the employee receives a subsequent call- back, the employee shall remain in overtime pay status and shall be paid for the total hours worked. If after the first call-back, the employee returns home and is subsequently called-back,

after three (3) hours since the original call began, a new three-hour minimum shall begin. However, if the time is contiguous to the employee's regular work shift or the employee is called back to rectify the employee's own error, the employee will be paid at the rate of time and one-half the regular pay rate only for the actual time worked. Time spent responding to a phone call or other work that does not require the employee to report to a worksite does not constitute a call-back and shall not be eligible for the three (3) hour minimum.

Section 5: Court time

Should it be necessary for an employee to appear in court, at a deposition, or a statement session while off duty as a result of the employee's official conduct on duty, not on or contiguous to their regular shift, the City agrees to compensate the employee with a minimum of three (3) hours' pay, including travel time, or at the discretion of the employee, the equivalent in compensatory time. Any hours in excess of eighty-four (84) during one work period/pay period (pursuant to Section 1 of this Article) shall be compensated at one and one-half (1½) times the employee's regular pay rate.

*Court sessions, statement sessions, or court-related phone calls (e.g., calls from Assistant State Attorneys that cannot be delayed until the next work shift) taking place via telephone or virtual method will be compensated based on the actual time worked (rounded up or down to the closest fifteen (15) minutes) when lasting sixty (60) minutes or less. Only such work exceeding sixty (60) minutes will be compensated at the three-hour minimum.

Section 6: Stand by

Scheduled Stand by is defined as a twenty-four (24) hour period wherein an employee shall be able to report for duty as required by the City while on an off-duty status within one (1) hour, shall be physically fit for duty, not under the influence of intoxicating substances, and shall report in uniform or appropriate attire as required. Each member scheduled for Scheduled Stand-by shall be compensated for one (1) hour at the member's regular straight-time pay.

Effective October 1, 2007, court stand by pay was eliminated. Instead, bargaining unit members received a one-time three-and-four-tenths percent (3.4%) adjustment to base pay and a five percent (5%) Shift Differential, pursuant to Section 10 below.

Section 7: Temporary Assignment

Employees covered by this Agreement who are temporarily assigned to a higher rank shall have the equivalent of five percent (5%) of the maximum of the Sergeants' Step Plan (i.e., Step 5) prorated and paid on a biweekly basis after serving at least one (1) week in the temporary assignment. This provision does not include temporary assignment due to an employee on vacation.

Section 8: Overtime Callout List

The City agrees to maintain a "Sergeants' Overtime Callout List" to ensure the equitable distribution of overtime. If a Sergeant does not respond to any reasonable means of contact for overtime (e.g., text, email, and/or phone call) within ten (10) minutes for overtime required within twenty-four (24) hours, or within twenty-four (24) hours for future overtime, the next Sergeant on the list shall be contacted until the overtime opportunity is filled. Sergeants who actually work any of the overtime resulting from the Overtime Callout List shall be moved to the bottom of the overtime roster.

Section 9: Special Details

An employee covered under this Agreement shall be paid for Unofficial Functions worked pursuant to Section No. 2-57, "Use of off-duty police officers or police service aides for unofficial functions," of the City's Code of Ordinances, as may be amended from time to time. When an employee is not acting as a supervisor the employee shall be paid at the normal rate of pay identified in the Police Officers' collective bargaining agreement for Unofficial Functions. If an Unofficial Function requires four (4) or more officers, one shall be a Sergeant or Lieutenant and be paid the rate as a supervisor, which shall be an additional twelve dollars (\$12.00) per hour. If, in the discretion of the City, a supervisor is required regardless of the number of officers required for an Unofficial Function the supervisor shall be paid the supervisor rate as stated above.

Employees shall receive an additional Fifteen Dollars (\$15.00) per hour for Special Details worked during City-designated holidays, pursuant to the "Leave Benefits" article of this Agreement.

Section 10: Shift Differential

Effective October 1, 2007, to compensate for the removal of standby pay, bargaining unit members regularly assigned to the Alpha shift were provided Shift Differential pay. Those eligible for Shift Differential shall have the equivalent of five percent (5%) of the maximum of the Sergeants' salary range (i.e., Step 5) prorated and paid on a biweekly basis, and those assigned to the Special Enforcement Team (SET) shall have the equivalent

of two percent (2%) of the maximum of the Sergeants' salary range (i.e., Step 5) prorated and paid on a biweekly basis. The Shift Differential shall not be paid to members working the Alpha shift if it is not their regularly assigned shift.

Section 11: Shift Supervisor Pre/Post-Shift Work

Sergeants assigned as Road Patrol Shift Supervisors—also referred to as Team Leaders—are expected to report early in order to be briefed by the outgoing supervisor and/or may need to stay late to finalize any necessary reports for the shift. Therefore, each Shift Supervisor shall be pre-authorized fifteen (15) minutes of overtime either before the scheduled shift (for the “early” shift, e.g., starting at 6 a.m. or 6 p.m.) or past the shift end time (for the “late” shift, e.g., starting at 7 a.m. or 7 p.m.) and shall be paid fifteen (15) minutes of overtime for each shift actually worked upon entering an overtime request verifying the additional time was worked. In any instances where multiple Sergeants split a shift, only the Sergeant working at the beginning of the “early” shift or the end of the “late” shift, including the fifteen (15) minute pre- or post-shift period, shall be eligible for this payment. Sergeants assigned to the late shift have the discretion to opt-out of the post-shift overtime if they deem it unnecessary.

ARTICLE 14

COMPENSATION FOR MEALS OUT OF CITY

- Section 1:** It is understood that during the course of their employment with the City, employees covered by this Agreement may attend mandatory training, seminars, etc. at locations other than at the Police Station or substation. This Article shall serve to clarify the City's obligation to pay for meals while employees attend such training, seminars, etc.
- Section 2:** The City will pay the rates for meals pursuant to Section 2-2, Code of Ordinances, which may be amended from time to time, as applicable when an employee is attending training, seminars, etc., outside of Broward, Palm Beach, and Miami-Dade Counties.
- Section 3:** Broward, Palm Beach, and Miami-Dade Counties are considered in the "immediate vicinity" of Coconut Creek; therefore, the City shall not be required to pay for meals when an employee attends training, seminars, etc., within this tri-county area.

ARTICLE 15

PROBATION/PROMOTION

Section 1: The probationary period shall be regarded as an integral part of the examination process and shall be utilized for closely observing the employee's work, for securing the most effective adjustment of the employee whose performance does not meet the required work standards.

Section 2: Police Officers promoted to Sergeant shall be required to serve a probationary period of nine (9) months in the position. The probationary period may be extended at the request of the Chief of Police with the approval of the City Manager. Such request shall not be arbitrary or capricious and shall require a detailed explanation of the reason(s) for the request. It shall be further understood that the extension of the probationary period shall not exceed three (3) months. Employees failing to successfully complete their probationary period will be placed back into their prior rank and base pay. These actions are not grievable or arbitrable.

ARTICLE 16

SENIORITY AND TRANSFER

- Section 1:** For the purpose of this Agreement, employees shall have two (2) types of seniority: Classification Seniority and General Seniority. Classification Seniority is defined as the length of service within the Sergeant rank. If the Classification Seniority is based on the same date, the Sergeant with the higher final ranking on the promotional list shall be deemed to have seniority. General Seniority is defined as the length of service measured from the employee's last date of employment with the City's Police Department.
- Section 2:** If a transfer or change in an employee's schedule means a change in hours or days off, the employee shall be notified no less than four (4) calendar days prior to the transfer or change in scheduling in order to enable the employee to arrange for the orderly change, except in the case of emergencies.
- Section 3:** When determining shifts, days off, and vacation schedules, classification seniority shall be considered, but shall not be the determining factor.
- Section 4:** The number of bargaining unit positions shall not be reduced below thirteen (13) during the term of this Agreement, unless such reduction is for the purpose of advancing one or more Sergeants to Administrative positions, in which case the level of bargaining unit positions shall not be reduced below twelve (12) positions during the term of this Agreement.
- Section 5:** Bargaining unit members who are promoted out of the unit and subsequently placed back in the unit shall have their original Classification Seniority as a Sergeant reinstated, except that such reinstatement shall not cause that year's approved vacation bids to be negated for Sergeants who were in the unit at the time of vacation bids.

ARTICLE 17

INTERNAL INVESTIGATIONS AND OBLIGATIONS TO THE PUBLIC

Section 1: The parties recognize that the security of the City and its citizens depends to a great extent upon the manner in which the employees covered by this Agreement perform their various duties. Further, the parties recognize that the performance of such duties involves those employees in all manner of contacts and relationships with the public and out of such contacts and relationships questions may arise or complaints may be made concerning the actions of employees covered by this Agreement. Investigation of such questions and complaints must necessarily be conducted by, or under the direction of, department supervisory officials whose primary concern must be the security of the City and the preservation of the public interest.

Section 2: Letters of reprimand shall be shown to the employee with the requirement that the employee signs same before it is placed in the employee's file, with the understanding only that the employee's signature verifies that the employee has seen the letter and does not constitute agreement with the contents. Personnel files shall be open or closed to the public in accordance with state law. Where state law permits personnel files to be closed, then they will be closed to the public.

Section 3: In order to maintain the security of the City and protect the interests of its residents, the parties agree that the City must have the unrestricted right to conduct investigations of residents' complaints and matters of internal security; provided, however, that any investigative interrogation of an employee covered by this Agreement relative to a resident's complaint and/or matter of internal security shall be conducted in accordance with the law enforcement officers' bill of rights as set forth in Chapter 112, Fla. Stat.

Section 4: The findings of internal investigations shall be labeled as one of the following:

- A. Sustained: Investigation provided sufficient factual evidence to prove allegations of misconduct;
- B. Not Sustained: Investigation failed to provide sufficient evidence to prove/disapprove the allegations;
- C. Unfounded: Investigation finds no factual basis exists that the allegation occurred; or
- D. Exonerated: Investigation indicates incident did occur, but employee's actions were justified, lawful and proper.

Section 5: Internal investigations and any findings of **not sustained, unfounded or exonerated** shall not be placed in an employee's regular personnel file, unless otherwise required by law. Instead, they will be maintained in a separate internal affairs file. Further, the City will purge all internal affairs records and findings in accordance with the minimum statutory retention schedule.

ARTICLE 18

RULES AND REGULATIONS FOR DISCIPLINE AND CONTROL

Section 1: City and Police Department Policies and Procedures

- A. The City of Coconut Creek Administrative Orders, the Police Department General Orders, Enforcement Procedures, and Administrative Procedures, and the Human Resources Policies and Procedures, as may be amended from time to time, shall be adopted by reference and made a part of this Agreement. Should a conflict exist between these policies and procedures and this Agreement, this Agreement shall prevail. It is agreed and understood that each member of the Bargaining Unit will be provided with an electronic copy of such policies and procedures. Any such new departmental rules and regulations shall be distributed to members within thirty (30) days after formal adoption, or as soon as practical thereafter. Employees will be required to sign for or digitally acknowledge the rules and regulations.
- B. It is recognized that the members of this bargaining unit are supervisors, and that they are required to properly exercise supervisory control as assigned. Failure to reasonably perform normal and routine supervisory functions may result in discipline.

Section 2: General Discipline and Control

The Chief of Police and/or authorized designee will be charged with the responsibility of enforcing and maintaining proper standards of discipline and personal conduct among their employees, and are vested with discretionary powers and authority to practice the following suggested sequence of remedial measures incident to operating rules of the Department. Such suggested sequence is not meant to mandate any type of sequence but is only meant to list the type of remedial measures that may be taken.

- A. Written reprimand
- B. Suspension* of an employee without pay subject to the review and approval of the City Manager
- C. Demotion* of an employee to a position in a lower classification subject to review and approval by the City Manager
- D. Dismissal* of employee subject to review and approval of the City Manager
- E. Other disciplinary action.

- F. Emergency suspension with pay- immediate suspension with pay due to the nature/severity of the situation, where it is not practicable to follow the normal suspension procedure. This action will not be taken arbitrarily or capriciously, and the City will ensure that the PBA will be notified as soon as possible.

**Note: Pursuant to Section 112.532, Fla. Stat., "Law Enforcement Officers' and Correctional Officers' Rights," as may be amended from time to time, when a Police Officer is subject to disciplinary action consisting of suspension with loss of pay, demotion, or dismissal, the Police Officer or the Police Officer's representative must, upon request, be provided with a complete copy of the investigative file, including the final investigative report and all evidence, with the opportunity to address the findings of the investigation, through a pre-determination hearing (also referred to as a pre-disciplinary hearing) prior to the City imposing such discipline. If, following the opportunity for a pre-determination hearing, a suspension with loss of pay, demotion, or dismissal is imposed, a non-probationary Police Officer may proceed to the appeal process outlined in the "Grievance and Arbitration Procedures" article of this Agreement.*

Section 3: General Provisions

- A. Suspensions: Under justifiable circumstances, the City Manager or Chief of Police (with approval of the City Manager) may suspend an employee without pay for a period not in excess of thirty (30) calendar days. The foregoing restriction on duration of suspensions shall not apply to any arbitrator's decision.
- B. Demotions: Subject to review by the City Manager, the Chief of Police is vested with discretionary authority to demote employees to positions in a lower classification on the following grounds: Disciplinary purposes as previously stipulated.
- C. At the Chief of Police's sole discretion, an employee may be permitted to deduct all or part of the suspension without pay from accrued vacation, personal or compensatory leave.

Section 4: Non-Disciplinary Remedial Actions

The City desires to facilitate employees' successful performance and behavior. In many cases, a non-disciplinary approach is appropriate as a preliminary corrective measure. Such measures are not considered discipline and may not be grieved or arbitrated. Examples of such measures may include, but are not limited to:

- A. Coaching or counseling;
- B. Training; and
- C. Performance Improvement Plan.

ARTICLE 19

GRIEVANCE AND ARBITRATION PROCEDURE

Section 1: Overview

In a mutual effort to provide a harmonious working relationship between the parties to this Agreement, it is agreed and understood that there shall be a procedure for the resolution of grievances between an employee and the City of Coconut Creek, and that such procedure shall cover grievances involving the application or interpretation of the express terms contained in this Agreement and those involving discipline.

Section 2: Rights of Employees, the Union, and the City

- A. All grievances shall be processed exclusively pursuant to this Article. Pursuant to Section 447.301(4) Fla. Stat., employees covered by this Agreement shall have the right to be represented in the determination of grievances on all terms and conditions of employment.
- B. The Union shall not be required to process grievances for employees covered by this Agreement who are not members of the Broward County PBA.
- C. Employees shall have the right to refrain from exercising the right to be represented.
- D. Nothing in this Article shall be construed to prevent any employee from presenting, at any time, an employee's own grievance in person or by legal counsel, to the City, and having such grievance adjusted without the intervention of the Union, if the adjustment is not inconsistent with the terms of this Agreement, and if the Union has been given reasonable opportunity to be present at any meeting called for resolution of such a grievance.
- E. The parties agree, however, that the Union shall have the exclusive right to take grievances regarding the application and interpretation of the Agreement (i.e., non-disciplinary matters) to mediation or arbitration, and that the City shall not mediate or arbitrate non-disciplinary matters sought to be brought by individual employees.
- F. Probationary employees (*except those serving a promotional probation who have completed the initial probation*) shall have no right to utilize this grievance procedure for any matter concerning discharge, demotion*, suspension, or other discipline. (**During the promotional probationary period, employees may be demoted in accordance with Section 2, of the "Probation" article of this Agreement without recourse to the grievance procedure.*)

Section 3: Grievance Procedure

- A. **Timeliness and Definition of “Days”**: Time is considered to be of the essence for the purpose of this Article. Accordingly, any grievance not submitted or processed by the grieving party in accordance with the time limits provided below shall be considered conclusively abandoned and shall be barred, forfeited, and foreclosed for all contractual or legal purposes and shall result in the forfeiture of all rights to arbitration.

For purposes of this Article, “days” shall be defined as calendar days. Should a deadline fall on a Friday, Saturday, Sunday or City-recognized holiday, the deadline shall be the next business day thereafter.

- B. **Settlement of Grievance**: Any grievance shall be considered settled and resolved at the completion of any step in the procedure if the party concerned fails to appeal to the next step in a timely fashion.

C. **Grievance Procedure Steps**:

1. Grievances not challenging an employee’s loss of pay for disciplinary reasons (i.e., suspensions, demotions, or terminations) shall be presented in the following manner:

- a. **Step One (1)**: The employee shall first present the grievance to the Police Chief within ten (10) days of the occurrence of the event(s), or within ten (10) days of the date the employee knew or should have known of the event that gave rise to the grievance (*or such longer period of time as is mutually agreed upon if an extension is requested based on good cause during the original ten (10) day period*). The grievance shall be submitted using the form and method mutually agreed upon by the Union and the City and shall include the specific article(s) of this Agreement that allegedly has/have been violated, the date of the alleged violation, a clear and concise statement of the event(s) that gave rise to the grievance, and the specific remedy requested.

The Police Chief or designee shall render the decision on the grievance in writing within ten (10) days (or such longer period of time as is mutually agreed upon, such as may be necessary if a meeting is required to ensure complete understanding of the grievance).

- b. **Step Two (2)**: In the event the employee is not satisfied with the disposition of the grievance in Step One (1) or does not

receive a response within the required timeframe, the employee may advance the grievance to the City Manager within ten (10) days following the receipt of the decision in Step One (1) or the deadline for the response, whichever comes first. In addition to a copy of the original grievance, the employee must include a copy of the Step One (1) response, if applicable, as well as any additional information regarding the employee's dissatisfaction with the disposition of the grievance in Step One (1).

The City Manager shall render the decision on the grievance in writing within ten (10) days (or such longer period of time as is mutually agreed upon, such as may be necessary if a meeting is required to ensure complete understanding of the grievance).

2. In the case of suspension, demotion, and/or termination, Step One (1) of the grievance procedure shall be waived and the grievance shall proceed directly to Step Two (2) with the City Manager.
3. In the event a grievance processed through the grievance procedure has not been resolved at Step Two (2) to the grievant's satisfaction, either the City or the Union may make a written request for Mediation or Arbitration, with the following exceptions:
 - a. Individual employees may not proceed to mediation or arbitration on a grievance concerning the application and interpretation of the Agreement (i.e., non-disciplinary matters) unless the Union is a party to such proceeding.
 - b. Disciplinary actions that do not involve an employee's loss of pay for disciplinary reasons (i.e., disciplinary actions not involving suspensions, demotions, or terminations) may only be grieved through Step Two (2) and shall not proceed to mediation or arbitration.
4. If Mediation is chosen and does not resolve the dispute, Arbitration may then be utilized.

Section 4: Mediation

- A. Mediation is a form of Alternative Dispute Resolution (ADR) that may be requested by the City or the Union (or an employee who is not a member of the Broward County PBA, but only if the matter is related to a suspension, demotion, or termination). It is an alternative, not a substitute for the formal arbitration process contained in Section 5 below. Mediation is an informal process in which a neutral third party

assists the parties in reaching a voluntary, negotiated resolution. The decision to mediate is completely voluntary for the employee (in disciplinary matters), the Union or the City. Mediation gives the parties the opportunity to discuss the issues raised in the charging document, clear up misunderstandings, determine the underlying interests or concerns, find areas of agreement and, ultimately, incorporate those areas of agreement into solutions. A mediator does not resolve the charge or impose a decision on the parties. Instead, the mediator helps the parties to agree on a mutually acceptable resolution. The mediation process is strictly confidential. Information disclosed during mediation will not be revealed to anyone.

- B. If both parties agree, a mediation session conducted by a trained and experienced mediator shall be scheduled at a mutually convenient date and time. Either party may choose to have an attorney represent them during mediation, and the parties agree that they will split equally the mediator's fee. Persons attending the mediation session shall have the authority to resolve the dispute. If mediation is unsuccessful, the parties may proceed to follow the provisions for Arbitration. Information disclosed during mediation will not be revealed to anyone.
- C. The parties and, if they desire, their representatives and/or attorneys, are invited to attend a mediation session. No one else may attend without the permission of the parties and the consent of the mediator(s).
- D. The mediator(s) will not function as the representative of either party. However, the mediator(s) may assist the parties in understanding their rights and the terms of any proposed settlement agreement. Each party acknowledges being advised to seek independent legal review prior to signing any settlement agreement.
- E. The parties acknowledge that the mediator(s) possesses the discretion to terminate the mediation at any time if an impasse occurs or either party or the mediator deems the case inappropriate for mediation.
- F. Prior to mediation, both the City and the Union (or employee in applicable disciplinary matters) shall enter into a confidentiality agreement, as follows:
 - 1. This is an agreement by the parties to participate in a mediation involving the City against the above named employee. The parties understand that mediation is a voluntary process, which may be terminated at any time.

2. The parties agree to participate voluntarily in mediation in an effort to resolve the charge(s) filed by the City.
3. The parties agree that all matters discussed during the mediation are confidential, unless otherwise discoverable, and cannot be used as evidence in any subsequent administrative or judicial proceeding. Confidentiality, however, will not extend to threats of imminent physical harm or incidents of actual violence that occur during the mediation.
4. Any communications between the mediator(s) and/or the parties are considered dispute resolution communications with a neutral and will be kept confidential.
5. The parties agree not to subpoena the mediator(s) or compel the mediator(s) to produce any documents provided by a party in any pending or future administrative or judicial proceeding. The mediator(s) will not voluntarily testify on behalf of a party in any pending or future administrative or judicial proceeding. The parties further agree that the mediator(s) will be held harmless for any claim arising from the mediation process.
6. The parties recognize and agree that the City is subject to Chapter 119, Fla. Stat., relating to public documents. Therefore, all information including all notes, records, or documents generated during the course of the mediation shall be subject to the exemption contained in Section 119.071(d)(1), Fla. Stat. until the settlement of the matter, or the conclusion of the arbitration, if any, with the exception of the personal notes of the mediator.
7. If a settlement is reached by all the parties, the agreement shall be reduced to writing and when signed shall be binding upon all parties to the agreement, unless the agreement requires City Commission approval, in which case the agreement will not become binding until publicly approved by the City Commission. Said agreement shall be subject to the provisions of Chapter 119, Fla. Stat. If the charge(s) is not resolved through mediation, the parties may proceed to follow the provisions for arbitration.

Section 5: Arbitration

- A. The City or Union may request in writing that the grievance be submitted to arbitration within ten (10) days after the City Manager or designee renders a written decision on the grievance (or, if applicable, the conclusion of a mediation that did not result in an agreed-upon remedy). Only the Union may take non-disciplinary grievances to

arbitration, and individual employees may only take disciplinary grievances to arbitration with the Union's consent. The arbitrator may be any impartial person mutually agreed upon by and between the parties. However, in the event the parties are unable to agree upon said impartial Arbitrator, the parties shall jointly request the Federal Mediation and Conciliation Service to furnish a panel of seven (7) names from which each party shall strike three (3) names in alternating fashion, with the Union striking first. The seventh remaining person shall serve as the impartial Arbitrator.

- B. The City and the Union (or employee in applicable disciplinary matters) shall mutually agree in writing as to the statement of the grievance to be arbitrated prior to the arbitration hearing, and the Arbitrator, thereafter, shall confine the decision to the particular grievance as specified.
 - 1. Unless otherwise agreed to by the parties, only one (1) grievance shall be submitted to an Arbitrator for decision in any given case.
 - 2. In the event the parties fail to agree on the statement of the grievance to be submitted to the Arbitrator, the Arbitrator will confine consideration and determination to the written statement of the grievance presented in Step One (1) of the Grievance Procedure.
- C. The Arbitrator selected or appointed shall conduct a hearing with the parties at a mutually agreeable date to review the evidence and hear testimony relating to the grievance.
- D. Upon completion of this review and hearing, the Arbitrator shall render a written decision to both the City and the Union within thirty (30) days of the close of the hearing (unless the parties mutually agree to a longer period of time). The Arbitrator shall have no authority to change, amend, add to, subtract from or otherwise alter or supplement this Agreement or any part thereof or amendment thereto. The Arbitrator shall have no authority to consider or rule upon any matter which is stated in this Agreement not to be subject to arbitration or which is not a grievance as defined in this Agreement, except to the extent as specifically provided herein.
- E. Expedited Arbitration: Should the parties mutually agree, an expedited arbitration may be initiated. The Arbitrator shall be selected in accordance with Section 5.A of this Article. The hearing shall be conducted by the Arbitrator in such a manner that will expeditiously permit a proper presentation of the evidence and arguments of the parties. The Arbitrator shall be the sole judge of the relevance and materiality of the evidence offered. There shall be no stenographic

record of the proceedings, nor post hearing briefs filed. The hearing will be completed in one (1) day. When both sides have completed their presentations, the Arbitrator shall ask whether either party has any further evidence to offer or witnesses to be heard. Upon receiving negative replies from both sides, the Arbitrator shall declare and note the hearing closed. The award shall be rendered promptly, which may include a verbal decision immediately following the hearing provided that the decision shall be reduced to writing and signed by the Arbitrator as soon as possible following the hearing. Should the Arbitrator determine that an opinion is necessary, it shall be in summary form. Unless otherwise determined by the Arbitrator, the decision rendered shall not be precedent setting, but the award will be final and binding upon the parties, including any individual affected employee.

- F. The Arbitrator may not issue declaratory opinions and shall confine the response exclusively to the question presented, which question must be actual and existing.
- G. The parties mutually agree that this Collective Bargaining Agreement shall be administered within the amounts appropriated by the City for funding of the Collective Bargaining Agreement. Accordingly, and notwithstanding any other provision of this Collective Bargaining Agreement, the Arbitrator shall have no authority, power or jurisdiction to construe any provision of law, statute, ordinance, resolution, rule or regulation or provision of this Collective Bargaining Agreement to result in, obligate, or cause the City to have or bear any expense, debt, cost, or liability which would result, directly or indirectly, in the City exceeding the amounts initially appropriated and approved by the City for funding of this Collective Bargaining Agreement as agreed upon by the parties. Any such award which contravenes or is not in compliance with the provisions of this paragraph shall be null and void.
- H. Each party shall bear the costs and expenses of its own witnesses and of its own representative or representatives for purpose of the arbitration hearing. The impartial Arbitrator's fee shall be paid for by the losing party (unless the Arbitrator sustains in part and denies in part the grievance, in which case the fee shall be split equally). If either party desires a transcript of the hearing, the parties shall split the cost of the court reporter's attendance and a copy of the transcript for the Arbitrator.
- I. The Arbitrator's award shall be final and binding on the parties, subject only to the provisions of Chapter 682, Fla. Stat., "Arbitration Code."

ARTICLE 20

UNIFORMS AND SAFETY EQUIPMENT

- Section 1:** The City agrees to provide all uniforms and equipment necessary to perform the duties of a Police Sergeant. A minimum of five (5) sets of uniforms will be issued and replaced when necessary to each Bargaining Unit Member.
- Section 2:** Any employee whose personal equipment is damaged in the line of duty shall have it replaced at no cost to the employee up to the limits described herein. Documentation of the damage shall be subject to incident investigation and shall be a prerequisite to payment of the cost involved by the City. It is agreed and understood that the term "personal equipment" as used in this paragraph shall be limited to prescription eyeglasses, dental appliances, flashlight, watches, and any other items at the discretion of the Chief of Police, and there shall be a two hundred fifty dollar (\$250.00) limit per item in regards to the City's obligation to replace personal equipment under this Article.
- Section 3:** All Sergeants are required to have a bullet-proof vest (Safety Device) for personal safety protection. The City shall provide Sergeants with Department approved bullet-proof vests as standard issue, and the employee shall be required to wear the bullet-proof vest at all times while on duty unless excused by guidelines established by the Chief of Police. Those employees who have never been issued or reimbursed for a vest by the City, shall be furnished with a Police Department- approved bullet-proof vest and all Sergeants shall be required to wear said vest at all times while on duty, unless performing administrative duties within the confines of a City facility or as otherwise excused by guidelines established by the Chief of Police. Sergeants who have had their vest for more than three (3) years may request a replacement and may have it replaced if the vest is no longer in serviceable condition as determined by the Chief of Police. In cases where the employee's vest has been damaged or destroyed while acting in the line of duty and upon the review and approval of the Chief of Police, the vest will be replaced by the City. All Sergeants that do not currently have a department issued vest are required to request a bullet-proof vest within thirty (30) days of the effective date of this Agreement. Vests shall be worn at all times while on duty, unless excused by previously stated guidelines. Employees shall be required to sign and acknowledge a statement as follows: "You are required by your employer to wear a bullet-proof vest (safety device.)" In accordance with Florida Statutes, if an employee knowingly fails to wear a safety device that is required by the employer and an injury results because of that failure, then workers compensation benefits for that employee shall be reduced by twenty-five percent (25%).

Section 4: All Sergeants assigned to plain clothes regular work assignments shall receive a clothing allowance of One Thousand Dollars (\$1,000.00) per year, prorated and paid on a bi-weekly basis. Such funds are intended for the purchase of civilian clothing within the guidelines established by the Chief of Police. Employees shall not be eligible for the plain-clothes assignment stipend while on light duty, leave without pay, or extended leaves of absence.

Section 5: Bargaining unit members shall be provided a cell phone stipend in the amount of \$75.00 per month, which shall be paid subject to normal payroll deductions/taxes. Employees receiving this stipend must maintain cell phone service, including e-mail and text service, and must respond to phone calls and emails related to City business in a timely manner. Employees who are provided this stipend must also provide the Chief of Police with their current cell phone number within two (2) days of activation or from any change. The City is not responsible for any charges or obligations that result from service agreements entered by the employees. The cell phones belong to the employees. Nevertheless, because the cell phones will be used for City business, the phone records, including monthly statements, may be subject to the requirements of the Florida Public Records Law, with the exception of any information that is considered confidential and exempt from public disclosure under such laws. Either party may request this Section be re-opened for negotiation in the event that measures that conflict with this Section are deemed necessary in order to most efficiently comply with Florida Public Records Law. Employees shall not be eligible for the cell-phone stipend while on leave without pay or extended leaves of absence; however, employees' responsibility to keep the City apprised of their contact information and to respond to phone calls from the City in a timely manner is not relieved during such temporary ineligibility for the stipend.

ARTICLE 21

TAKE-HOME VEHICLE POLICY

Section 1: The purpose of this section is to provide the appearance of additional police presence. To this end, there shall be a take-home vehicle policy, subject to the following:

- A. All sworn employees residing in Broward, Miami-Dade, or Palm Beach Counties shall be eligible for a take-home vehicle.
- B. Vehicles shall only be operated by the assigned employee.
- C. Vehicles may not be withdrawn from an employee except for just cause.
- D. Vehicles shall not be operated outside Broward, Miami-Dade, or Palm Beach Counties, except with the advance written permission of the Chief of Police.
- E. It shall be understood that the City retains the right, on a temporary basis, to cancel a take home vehicle assignment, due to unforeseen circumstances not within the city's control, i.e., natural disaster, or other emergency conditions.
- F. Personal use is restricted to de minimis usage, pursuant to 26 C.F.R. §§1.274-5 and 1.274-5T (2010), as amended from time to time, provided such use shall be limited to the following:
 1. Marked Vehicles: Employees who are assigned marked vehicles shall use their vehicles to commute to and from work and special details and shall be permitted to stop for personal errands along the commute; otherwise, off-duty use is limited to personal errands only within Broward County.
 2. Unmarked Vehicles: Employees who are assigned unmarked vehicles shall use their vehicles to commute to and from work and special details; personal use is permitted during off-duty time within Broward County and the county of the employee's residence, provided such use is incidental to law- enforcement functions, such as being able to report directly to a stakeout, surveillance site, or an emergency situation.
 3. Personal use for vacation or recreational trips is prohibited in both marked and unmarked vehicles.
 4. Employees who use their assigned vehicles for personal use, including commuting, are deemed to be in an unpaid on-call status and shall be prepared to render appropriate assistance and maintain readiness to respond during use of the assigned vehicle.

5. Employees who use their assigned vehicle for personal use are advised to purchase an insurance rider to ensure coverage and to avoid personal liability in the event of an incident due to personal use for which the City's insurance carrier does not provide coverage.

Examples of scenarios when the City's insurance **will not** cover an employee involved in an accident while using a City vehicle include, but are not limited to:

Criminal Activity: An exception to employee indemnification applies when the employee is committing a crime while driving a City vehicle. If the accident involves criminal activity, the City will refuse to indemnify the employee from third-party lawsuits. This can include driving under the influence of drugs or alcohol.

Non-Business Activity: Employees are not indemnified if involved in an accident while using the City vehicle for any personal use not specifically permitted in this article.

The City is not liable for torts of its employees committed while outside the course and scope of employment.

Failure to maintain personal liability insurance will result in the employee being personally responsible for paying personal injury and liability expenses.

6. Unless otherwise authorized by the Chief of Police or designated Administrative Officer or Lieutenant, employees may not have passengers in any take home vehicle, whether marked or unmarked, unless said passenger is a sworn law enforcement officer employed by the City of Coconut Creek. Employees who are granted such permission shall carry and submit to Risk Management or a designated member of the Police Department documentation of personal liability insurance sufficient to cover the passengers.

- G. Any violation of the Take-Home Vehicle Policy shall be reason for disciplinary action and/or removal of the take-home vehicle.

Section 2: Employees residing at least 50 miles from the City* shall not be eligible for a take home vehicle unless authorized by the Chief of Police for business necessity, in which case the employee shall be required to pay \$250 per month through payroll deduction to assist with the cost of gas, tolls, insurance, repairs, replacement, and wear and tear on the take home vehicle. **Distance to/from the employee's residence to the City shall be determined by the employee submitting a Google Maps report (or another mutually agreed upon distance calculator) to/from the employee's residence to/from either the Coconut Creek Recreation Complex (4455 Sol Press*

Boulevard) or the Coconut Creek Community Center (1100 Lyons Road), whichever is closest to the employee's residence. In the event the distance from the employee's residence to the City and the distance from the City to the employee's residence differ when calculating in the mutually agreed upon distance calculator, the employee may submit the calculation with the shorter distance.

ARTICLE 22

CIVIL SUITS

Section 1: The City shall provide a proper defense, inclusive of court costs and attorney's fees, for any Bargaining Unit Employee relating to any Civil Suit arising out of their employment and within the scope of said employment; provided the employee has not acted with malice and intentionally violated the rights of an individual.

Section 2: The City shall hold harmless and indemnify all Bargaining Unit Employees from financial loss arising out of any claim, demand, suit, or judgment for damages suffered as a result of any act, event, or omission of action in the scope of employment as Police Sergeant. This provision shall not apply if the employee exhibited wanton and willful disregard of human rights, safety, or property.

ARTICLE 23

DRUG FREE WORKPLACE

Section 1: The City and the Union recognize that employee substance and alcohol abuse may have adverse impacts on City government, department operations, the image of City employees, and the general health, welfare, and safety of the employees and the general public at large. Therefore, the City and its employees will best be served by maintaining a Drug Free Workplace where the City has the right to require employees to submit to toxicology and alcohol testing designed to detect the presence of any controlled substance, narcotic drug, or alcohol. Employees shall be subject to testing at the following times: Pre-Employment, Random, Post-On- the-Job Accident/Injury, Reasonable Suspicion, and Return-To-Duty & Follow- Up.

Section 2: Illegally using, possessing, soliciting, buying, selling, or being under the influence of alcohol, drugs, or abusive use of controlled substances while at work is prohibited. Employees are further prohibited from consuming illegal drugs or abusively using controlled substances on or off duty, or from consuming alcohol on duty. Illegal use includes use of any illegal drug, misuse of legally prescribed drugs, and use of illegally obtained prescription drugs. This section shall not be construed to prohibit “social drinking” on the employee’s own time, provided that such “social drinking” does not adversely affect the performance of an employee’s job functions, the employee’s own safety, or the safety of others. The Director of Human Resources or designee shall serve in the capacity of Drug Free Work Place (DFWP) Coordinator.

- A. Any applicants or employees found with the presence of alcohol, any illegal drugs, or controlled substances in their systems; in possession of, transporting, manufacturing, using, selling, trading, or offering for sale illegal drugs, controlled substances or alcohol during working hours; or on City premises, in City equipment, either owned or operated under City authority, or convicted of a drug related offense committed anywhere at any time after the effective date of this Agreement, are subject to disciplinary action up to and including discharge.
- B. No employee may report to work after having used alcohol or any controlled substance within a time frame that results in the presence of alcohol or a controlled substance still being in their body at levels in excess of limits set by State Law for a Drug-Free Workplace.

Employees who are taking prescribed* controlled substances must advise the DFWP Coordinator in writing and review the side effects of the drug with the DFWP Coordinator no later than the start of the first work shift following commencement of taking the prescribed controlled substance. To avoid unnecessary delays in employees reporting to work, initial notification may be made orally to the DFWP Coordinator, or in the

DFWP Coordinator's absence, to the Chief of Police or a designated Administrative Officer or Lieutenant, provided the documentation is submitted to the DFWP Coordinator as soon as administratively possible. At the City's request, the employee may be required to provide a signed document from the prescribing physician advising of the possible side effects or lack thereof. All requirements of this section also apply to subsequent dosage changes. **Note: As of 2025, despite evolving state and/or local legislation, marijuana remains a Schedule 1 drug according to U.S. federal law. Therefore, using, soliciting, possessing, purchasing, selling, or being under the influence of marijuana continues to violate this Drug Free Workplace Policy, regardless of a Medical Marijuana Use Registry Card.*

- C. Employees may not report to work after use of the following legal but impairing substances: kratom, synthetic cannabinoids with potential for abuse, kava, salvia divinorum, or nitrous oxide ("whippets"), if such use impairs or is reasonably likely to impair the employee's ability to safely and effectively perform their duties. This includes effects resulting from dependency, withdrawal, or residual impairment, even if the substance is not used while on duty.

As additional legal substances are identified as significantly addictive and/or impairing, the City and the PBA will execute a Memorandum of Understanding (MOU) to incorporate such substances into this policy.

Employees who use any of the above-listed substances must advise the DFWP Coordinator in writing and review the side effects of the drug with the DFWP Coordinator prior to the start of the first work shift following commencement of taking the substance; the employee may be required to undergo a medical or psychological evaluation to assess their continued fitness for duty. To avoid unnecessary delays in employees reporting to work, initial notification may be made orally to the DFWP Coordinator, or in the DFWP Coordinator's absence, to the Chief of Police or a designated Administrative Officer or Lieutenant, provided the documentation is submitted to the DFWP Coordinator as soon as administratively possible.

- D. Law enforcement officials shall be notified, as appropriate, where criminal activity is suspected.

Section 3: Employees shall be subject to testing and may be required to submit to a blood analysis, urine analysis, intoxalyzer, or other approved testing method at the following times:

- A. Pre-employment: conducted after an offer to hire the applicant is made or upon recall from a layoff, but before actually performing duties.

B. Reasonable suspicion: conducted when a trained supervisor or city official observes behavior or appearance that is characteristic of alcohol or drug misuse.

1. Reasonable suspicion includes, but is not limited to the following:

- a. Observable phenomena while at work, such as direct observation of illegal drug use or the physical symptoms or manifestations of being under the influence of an illegal drug, controlled substance, or alcohol;
- b. Abnormal conduct or erratic behavior while at work or a general deterioration in work performance;
- c. A report of an employee using illegal drugs or misusing or abusing controlled substances or alcohol, on or off duty, provided by a reliable and credible source, which has been independently corroborated;
- d. Evidence indicating that an individual has tampered with a drug test administered under this policy during employment with the City;
- e. Information that an employee has caused or contributed to any type of accident where there is reasonable suspicion that the employee involved in the accident is under the influence of alcohol or other drugs; or
- f. Evidence indicating that an employee has used, possessed, sold, solicited, or transferred drugs while working or while on the City's premises, or while operating a City vehicle, machinery, or equipment.
- g. **NOTE:** The occurrence of any one or more of the above items a. through f. must be documented in writing with a copy to the affected employee.

C. Return-to-duty & Follow-up: Return-to-duty drug/alcohol testing is conducted before an employee who has been suspended for violation of this Drug Free Workplace Policy is reinstated and permitted to return to work. Follow-up tests are conducted unannounced and up to four (4) times per year for two (2) years after the individual has been reinstated.

D. Employees must promptly submit to any of these tests when they are advised by a supervisor to do so. Refusing to promptly submit to a test has the same consequences as failing a test. Failure to cooperate with medical personnel during clinical sample collection procedures (including completing and signing designated forms) is considered a refusal.

E. Post On-the-Job Accident or Injury: to be conducted any time:

1. An employee or any other person suffers an injury where horseplay, gross negligence, or a violation of safety rules and procedures contributed to the individual's injury or resulted in property damage; and
2. There is reasonable suspicion that the injury or property damage is the result of the employee being under the influence of alcohol or drugs.

F. Random: Random drug/alcohol testing may be conducted

Section 4: The City and its designated medical facilities will follow split-sample collection procedures for the collection of urine samples. Urine analysis shall be the designated protocol when testing for drug use, and blood sample analysis shall be the designated protocol when testing for alcohol use. The City, at its discretion or when unusual circumstances dictate, may follow blood sample collection procedures instead of collecting urine for drug tests, or may take breath samples with an intoxilyzer when testing for alcohol. The employee shall be accompanied by a designated member of the City staff until collection and submission of a specimen for laboratory testing has been completed. Following the split-sample collection procedures, the laboratory shall keep one-half of any sample that is confirmed positive in storage for 210 days (or longer if a written notice is received) after which the laboratory may discard the sample.

A. The City shall designate an independent physician as its Medical Review Officer (MRO). The MRO shall conduct an independent review of both test procedures and results before the results are submitted to the City's DFWP Coordinator.

1. The MRO shall notify the donor (employee or job applicant) of a confirmed positive test result within three (3) days of receipt of the test result from the laboratory, and shall inquire as to whether prescriptive or over-the-counter medications could have caused the positive test result. The MRO shall review any medical records provided by the donor and evaluate any prescriptions provided by a doctor to the donor.
2. The MRO shall process any employee or job applicant requests for a retest of the original split-sample specimen, made within 180 days of notice of the positive test result, at another licensed laboratory selected by the employee or job applicant. The donor requesting the additional test shall be required to pay the costs of the retest, including shipping and handling expenses. The MRO shall contact the original testing laboratory to initiate the retest.

3. If the MRO is unable to contact a donor who tested positive within three (3) working days of the MRO's receipt of the test results from the laboratory, the MRO shall contact the employer and request that the employer direct the donor to contact the MRO as soon as possible. If the MRO has not been contacted by the donor within two (2) working days from the request to the employer, the MRO shall verify the report as positive.
- B. All parties involved in the testing process, including collection site, laboratory, Medical Review Officer, and employer, shall maintain employee confidentiality as required by State and Federal law.
- C. Any employee wishing to contest a positive drug test result must request a retest of the split-sample specimen within 180 days after having received notification of the positive result. The results of any such alternate tests shall be forwarded to the City in the same manner as the initial test results.
1. The employee must direct a written request that the split-sample specimen be tested by a different Florida Agency for Health Care Administration (ACHA) or United States Department of Health and Human Services (DHHS) certified laboratory to the City Medical Review Officer (MRO) or the City's DFWP Coordinator.
 2. If the employee files a written request for an analysis of the split-sample specimen within the mandatory 180 days of having been notified of a verified positive drug test, then the MRO shall direct in writing that the laboratory forward the original split-sample specimen to an agreed upon ACHA or DHHS-certified laboratory for analysis. Employees shall pay all costs related to any analysis of split-sample specimens resulting from their appeal or challenge.
- D. If requested by the employee, the City will allow Union representation during the testing process subject to the time constraint and the availability of the on-site participation of a business representative of the labor bargaining unit. It is understood that the City shall make every normal attempt to contact the union representatives in order to allow Union representation during the testing process, but that the City is not required to take extraordinary measures to ensure the presence of a labor representative during testing.

Section 5: Drugs, metabolites, alcohol, and other substances for which the City will screen an employee's urine and/or blood sample include any illegal drug or any substance identified in Schedules I through V of Section 202 of the Controlled Substance Act (21 U.S.C. §812), and as further defined in 21 CFR Part 1300, as may be amended from time to time by State or Federal law. This includes but is not limited to the following: Alcohol, amphetamines,

barbiturates, benzodiazepines, cocaine metabolites (benzolecgonine), marijuana metabolites (delta-9- tetrahydrocannabinol-9-carboxylic acid), methaqualone, opiates, phencyclidine, methadone, and propoxyphene. All samples which test positive on a screening test shall be confirmed by gas chromatography/mass spectrophotometry (GC/MS). Employees shall list all prescription and non-prescription drugs they are using prior to providing a blood/urine sample and shall be required to produce evidence of their legal drug and/or substance use, as defined above, within twenty-four (24) hours of their drug screening test by the production of a written prescription from a licensed pharmacy or written authorization from a licensed medical doctor. Test results shall be treated with the same confidentiality as other medical records. The standards to be used for employee drug testing shall be those set forth in Florida's Drug Free Workplace laws (Sections 440.101 and 440.102, Fla. Stat.) and the related sections of Florida's Administrative Code, which the parties recognize may be amended from time to time.

- A. Other drugs and substances may be tested for by the City at its discretion. In that event, they will be tested at levels according to generally-accepted toxicology standards. Employees shall have the right to consult the testing laboratory for technical information regarding prescription and non- prescription medication.
- B. Retesting Specimens – As some analytes deteriorate or are lost during freezing, refrigeration, or storage, quantification for a retest is not subject to a specific cutoff requirement but must provide data sufficient to detect the presence of the drug or metabolite.

Section 6: Should an employee violate this drug and alcohol abuse policy, the City has just cause to discipline, terminate employment, or suspend the employee with or without pay, and may require the successful completion of a rehabilitation treatment program that is pre-approved by the DFWP Coordinator prior to reinstatement. These measures are taken in order to ensure that the employee is participating in a meaningful program that can result in reinstatement.

- A. Buying and/or selling drugs would generally be considered a more serious violation with less opportunity for rehabilitation than the personal use of illegal drugs or alcohol would have.
- B. If the employee feels that the City did not have just cause to discipline the employee for violating this Article, the employee may grieve the City's decision following normal labor agreement procedures.
- C. If the City chooses to suspend an employee while the employee participates in a rehabilitation program rather than terminate the employee, the employee may be suspended without pay during the initial treatment phase (minimum of six (6) counseling sessions) of the

rehabilitation program. The initial phase of the counselor-recommended rehabilitation program shall be completed within 90 days of the causal event, and the employee shall also actively participate in any ongoing follow-up treatment that is prescribed or recommended by the counselor.

1. While it is the employee's responsibility to actually select any such rehabilitation program that they might participate in, all such programs must be pre-approved by the DFWP Coordinator in order to ensure that the employee is participating in a meaningful program that can result in reinstatement.
2. All costs associated with a rehabilitation program are the responsibility of the employee. The employee's health insurance plan may provide benefits that pay for such treatment. While continued employment may be contingent upon successful participation in a rehabilitation program, the actual participation in any such rehabilitation program is strictly voluntary on the part of the employee.
3. The employee shall be required to sign a consent form which allows the City to obtain information about the employee's progress and successful completion of such program. Refusal to sign such consent form shall be considered the same as the employee's resignation. If the rehabilitation treatment provider will not provide information directly to the City even with a consent form, or if the information provided is insufficient, the employee shall obtain a treatment status letter from the provider to provide to the City within fifteen (15) days of the City's request. The treatment status letter shall include dates of attended and missed appointments; provider's recommendations; status of treatment plan, i.e., participation or non-participation, and continuation or discontinuation of recommended plan of action; and fitness-for-duty status.
4. An employee that is suspended for the duration of an initial treatment program is eligible for reinstatement immediately upon the successful completion of both any specific employment suspension and the more intense, initial treatment part of the approved rehabilitation program. It is the suspended employee's responsibility to petition the City for reinstatement and to provide proof of satisfactory completion of the program. An employee who fails to successfully complete the entire initial rehabilitation program within 90 days, or longer if recommended by a program counselor, of the causal event may have the employment status changed from suspended to terminated at the end of this period.
5. In order to be eligible for continued employment after reinstatement, the employee must actively participate in and complete any follow-up treatments that have been prescribed or recommended by the

counselor. A reinstated employee that fails to comply with all aspects of any extended prescribed or recommended treatment program may be suspended or terminated for failure to complete the treatment program.

6. The City may allow the employee to utilize accrued paid leave, or in the case of an employee who exhausts or has insufficient leave available to complete the initial rehabilitation program, may place the employee in a medical leave without pay status during the initial period of rehabilitation.
7. Prior to being reinstated, the employee must submit to and pass drug and/or alcohol testing. The City shall also require random follow-up testing of such employee of up to four (4) times per year for a two (2) year period immediately following reinstatement. The City shall only offer to participate in the rehabilitation of an employee one time. Thereafter, future relapses may result in termination.

Section 7: The Federal Drug Free Workplace Act requires that any employee convicted of a violation of any criminal drug statute for violations occurring on or off City premises while conducting City business, must notify the City within five (5) calendar days of such violation. Failure to notify the City shall result in disciplinary action, up to and including termination.

Section 8: Employees who voluntarily come forward and admit to abuse of legal and/or illegal drug use including alcohol and request assistance for their problem will be referred for rehabilitation following the guidelines of Section 6.C, and may use their own leave, donated time or may be given a medical leave of absence of up to 90 days, if necessary, to obtain required rehabilitation. Such employees will be subject to return-to-duty and follow-up testing. To be voluntary, the employee must come forward completely of the employee's own accord in the absence of any pending discipline or investigation of said employee by the City. In addition, an employee will not be considered to have voluntarily come forward if coming forward was precipitated by a drug or alcohol related arrest.

Section 9: A list of rehabilitation programs available in Miami-Dade, Broward, and Palm Beach counties is maintained by the Human Resources & Risk Management Department. However, insurance-provided rehabilitation can take place only at the facility(ies) available in the employee's selected group insurance program, and the entire cost of the program and any follow-up care will be the total responsibility of the employee. The City maintains an EAP program and recommends that all rehabilitation efforts by employees start there.

Section 10: The parties agree that an employee's refusal to submit to testing in accordance with the provisions of this Article will be considered the same as having had a positive test result, and disciplinary action may be taken against the employee, up to and including termination. Furthermore, if an employee is injured on duty and refuses to submit to a test for drugs and/or alcohol, under Florida Department of Labor Regulation, they forfeit eligibility for all workers' compensation and indemnity benefits and shall be disciplined and/or terminated. If it is determined that the employee's alcohol or drug abuse contributed to a work-related injury, then workers' compensation benefits may be denied.

A. An injured employee that is being denied workers' compensation benefits as the direct result of a positive test result shall first be given the opportunity to present evidence that the alcohol and/or drug use was not the proximate cause of or did not contribute to the injury having occurred. If the employee is successful in doing so, then workers' compensation benefits will not be denied. This subparagraph will not have any direct effect on any other disciplinary action that may have been or may be implemented.

Section 11: Upon receiving notice of a positive confirmed test result from the MRO, the City shall, within five (5) working days, inform an employee or job applicant in writing of such positive test result, the consequences of such result, and the options available to the employee or job applicant. An employee or job applicant who receives a positive, confirmed test result notice from the City may, within five (5) working days after receiving notice, submit information to the employer contesting the test result, and/or explaining why the result does not constitute a violation of the employer's policy. If the explanation is unsatisfactory, the City shall provide a written reply stating why the employee's or job applicant's explanation is unsatisfactory.

Section 12: It is recognized that technology may, from time to time, improve the type and/or testing methods available for drug and/or alcohol testing. In that event, the City may change its testing methods or procedures and the employee may challenge said change through the grievance procedure if the employee believes that the City acted arbitrarily or capriciously. Testing procedures shall at all times comply with current regulatory requirements for drug and alcohol testing.

Section 13: Each employee will be required to sign a written statement acknowledging receipt of the policy and that they understand the consequences for any violation of this policy.

A. The City shall maintain employee drug test records in compliance with Federal and State regulations.

1. All such records shall be classified as confidential medical records with access permitted only on a need-to-know basis.

2. The City shall submit drug and/or alcohol program reports to regulatory agencies as required by regulations.
3. Release of test information to any other party shall be solely pursuant to a written consent form signed voluntarily by the person tested, unless such release is compelled by a hearing officer or a court of competent jurisdiction pursuant to an appeal taken under this policy, or unless deemed appropriate by a professional or occupational labor board in a related disciplinary proceeding.

ARTICLE 24

LABOR MANAGEMENT COMMITTEE

Section 1: Labor/Management Meetings: Representatives of the City and the PBA shall meet on a quarterly or as-needed basis during the year at a time convenient to both parties for the purpose of reviewing the administration and procedures of the Agreement, rules and penalties, job descriptions and policies to resolve problems that may arise therefrom. These meetings are not intended for the purpose of negotiations, to bypass the grievance procedure, or to interfere with management or union rights.

Section 2: The Committee shall be comprised of two (2) representatives from the PBA and three (3) representatives from the City. Additional persons may attend as mutually agreed upon. Such meetings shall be scheduled by mutual agreement of the parties with twenty-four (24) hours advance notice of agenda items.

ARTICLE 25

DURATION AND DISTRIBUTION OF THE AGREEMENT

- Section 1:** This Agreement, after having been first executed by both parties in accordance with applicable Florida Statutes and PERC regulations, and after having been ratified by the Employees in the Bargaining Unit and adopted by the City Commission of Coconut Creek, Florida, shall become effective October 1, 2025, and shall continue in full force and effect until September 30, 2028.
- Section 2:** On or before April 1st of the final year of the Agreement term, the City and the Union shall exchange proposals, although failure to exchange proposals by the date set forth does not negate either party's right to negotiate revisions in the terms and conditions of the Agreement.
- Section 3:** Negotiations shall commence no later than June 1st, unless an extension is mutually agreed to by the City and the PBA in writing.
- Section 4:** The City agrees to provide four copies of the ratified Agreement to the Union and to post the entire Agreement on CocoNet.

ARTICLE 26

TOTAL AGREEMENT

- Section 1:** This Agreement constitutes the entire Agreement between the parties and no other written or verbal statements shall supersede any of its provisions. Any amendment or agreement supplemental hereto shall not be binding upon either party unless executed in writing by the parties hereto.
- Section 2:** The parties further acknowledge that, during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the areas of collective bargaining and that the understandings and agreements arrived at by the parties after the exercise of that right are set forth in this Agreement.
- Section 3:** This Agreement contains all benefits granted to employees covered by this Agreement. No other benefits exist by the Civil Service Code or otherwise, unless specifically set forth in this Agreement.
- Section 4:** Therefore, the City and the PBA, for the term of this Agreement, each voluntarily and unqualifiedly waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject matter not specifically referred to or covered in this Agreement; provided, that the PBA does not waive its right to impact bargaining in accordance with the law. Waiver of any breach of this Agreement by either party shall not constitute a waiver of any future breach of this Agreement.

ARTICLE 27

SAVINGS CLAUSE

If any provision of the Agreement or the application of such provision should be rendered or declared invalid by any court action, or by reason of any existing or subsequently enacted legislation, which would supersede any provisions of this Agreement that are in direct conflict, the remaining parts or provisions of the Agreement shall remain in full force and effect. The parties shall promptly negotiate a substitute for the invalidated article, section or portion thereof.
